										Writing and grammar			
Thursday	Spelling		Whole class Reading	Writing and grammar		Maths				Whole class story	Module learning	Module learning	Singing Assembly
Friday	Spelling		Spellings	Maths		Maths				Whole class story	'Curriculum afternoon'		Class Assembly

This is a sample timetable for an 'average' week in our school. This is not 'set in stone' and can be changed depending upon what is happening within school.

MODULE LEARNING: this is where History and Geography are taught in 'blocks' which means children get more time to learn in a sequential, embedded manner.

CURRICULUM AFTERNOON: these afternoons are dedicated to: Computing Science, RE, PE, French, Music and Art. Our whole school subject leaders teach their subjects across the whole school so children are receiving expert teaching in these areas. These subjects are also taught in 'blocks'.
